

SDUHSD Math Course Placement Recommendations 2018-19

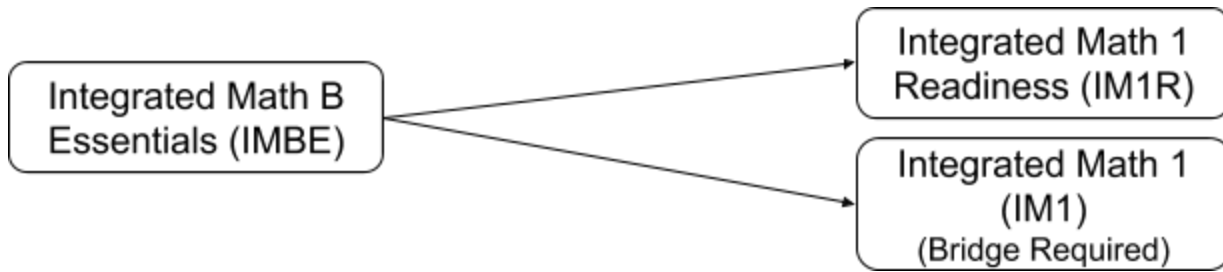

- With an A grade in IMAE, we recommend enrollment in IMB which requires a summer bridge (pass/fail - requires attendance, not online/indep study). If student does not pass the summer bridge, then enroll in IMBE in 8th grade.
- With B or C grade in IMAE, students are eligible to complete a summer bridge (see above) and, if passed, enroll in IMB in 8th grade. This should be decided in consultation with the IMAE teacher, family, and counselor.
- With D or F in IMAE, student will be enrolled in IMBE in 8th grade.

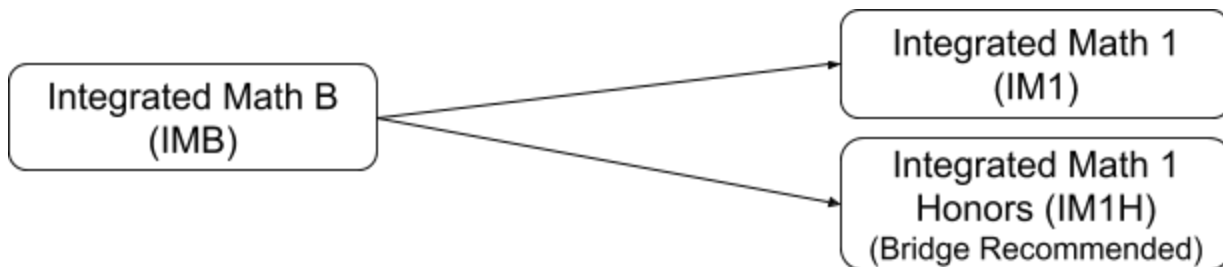

- With an A grade in IMA, we recommend enrollment in IMB. If IMBH is a consideration, we strongly recommend consultation between IMA teacher and family before course selection. Test average data should be strongly considered in this consultation.
- With B or C grade in IMA, we recommend enrollment in IMB.
- Any student moving from IMA to IMBH is strongly encouraged to complete the independent study summer bridge.
- With D or F grade, the counselor, IMA teacher, and family consult to determine appropriate placement (IMB or IMBE).

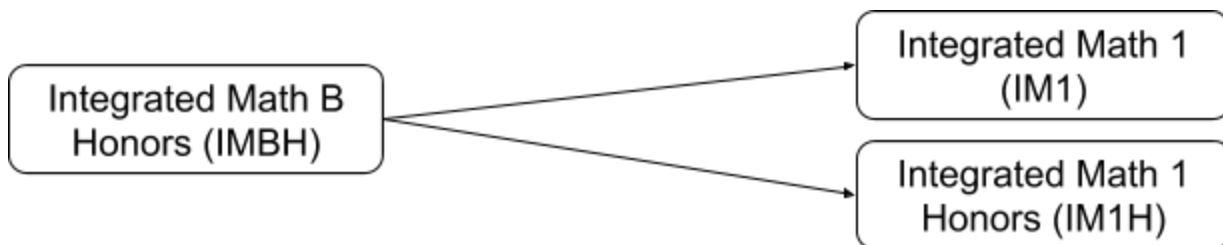

- With A or B grade in IMAH, we recommend enrollment in IMBH.
- With C grade in IMAH, we strongly recommend enrollment in IMB.
- With D grade in IMAH, mandatory move to IMB.
- With F grade in 2nd semester IMAH, mandatory move to IMB.

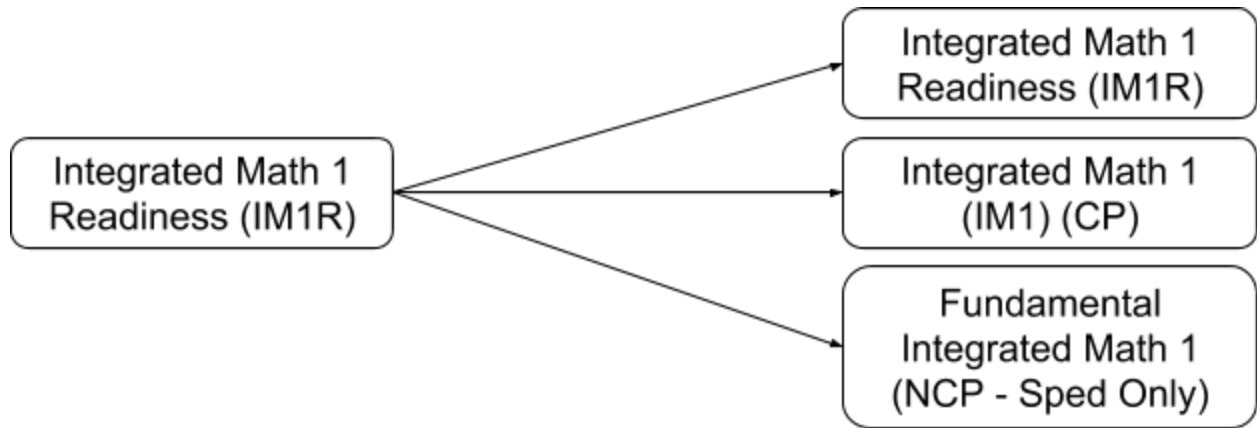

- With an A grade in IMBE, we recommend enrollment in IM1 which requires a summer bridge (pass/fail - requires attendance, not online/indep study). If student does not pass the summer bridge, then enroll in IM1R in 9th grade.
- With B or C grade in IMBE, students are eligible to complete a summer bridge (see above) and, if passed, enroll in IM1 in 9th grade. This should be decided in consultation with the IMBE teacher, family, and counselor.
- With D or F in IMBE, student will be enrolled in IM1R in 9th grade.

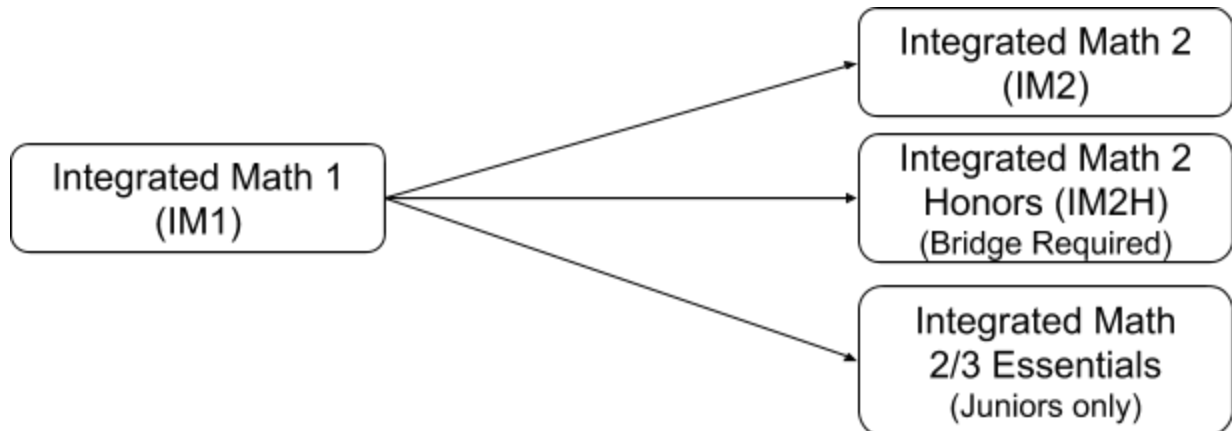

- With an A grade in IMB, we recommend enrollment in IM1. If IM1H is a consideration, we strongly recommend consultation between IMB teacher and family before course selection. Test average data should be strongly considered in this consultation.
- With B or C grade in IMB, we recommend enrollment in IM1.
- Any student moving from IMB to IM1H is strongly encouraged to complete the independent study summer bridge.
- With D or F grade, the counselor, IMB teacher, and family consult to determine appropriate placement (IM1 or IM1R).

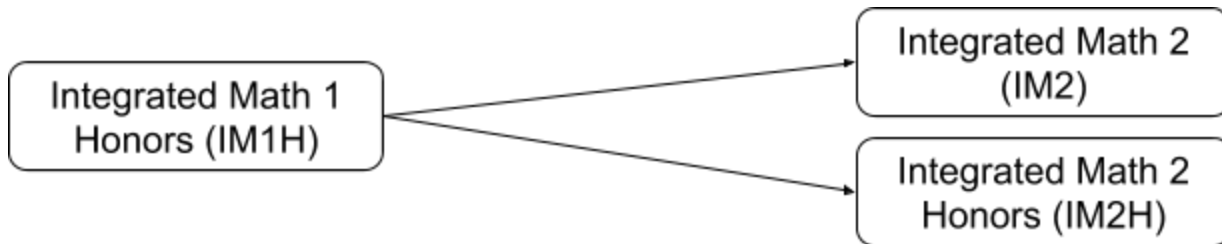

- With A or B grade in IMBH, we recommend enrollment in IM1H.
- With C grade in IMBH, we recommend enrollment in IM1.
- With D grade in IMBH, mandatory move to IM1.
- With F grade in 2nd semester IMBH, mandatory move to IM1.

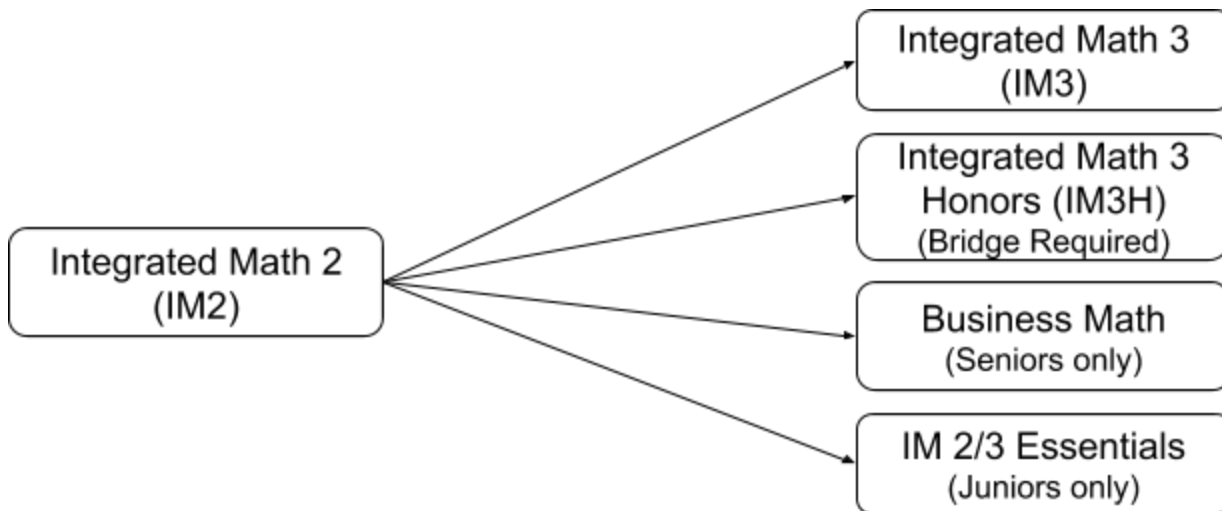

- With A, B, or C grade in IM1R, we recommend enrollment in IM1.
- 9th graders with D or F grade in IM1R should repeat IM1R.
- 10th graders with D grade should enroll in IM1 (College Prep or Fundamental).
- Fundamental IM1 is only available to students with an IEP - placement decision is made by IEP team with input from IM1R teacher and counselor.

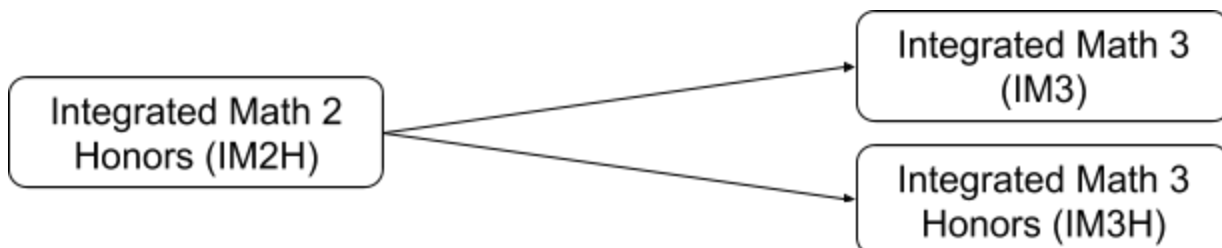

- With an A grade in IM1, we recommend enrollment in IM2. If IM2H is a consideration, we strongly recommend consultation among IM1 teachers, family, & counselor before course selection. Test average data should be strongly considered in this consultation.
- Any student wishing to move from IM1 to IM2H must pass (pass/fail) the summer bridge.
- 9th/10th graders with B or C grades in IM1, we strongly recommend enrollment in IM2.
- 9th graders with D grade, we recommend repeating IM1.
- 10th graders with D grade, we recommend enrollment in IM 2/3 Essentials in 11th grade.
- Any student with F grade in IM1 is a mandatory repeat of IM1.
- Sped students who take IM1 (CP) and do not pass may consider Fundamental IM1. Fundamental IM1 is only available to students with IEP - placement decision is made by IEP team with input from IM1 teacher and counselor.

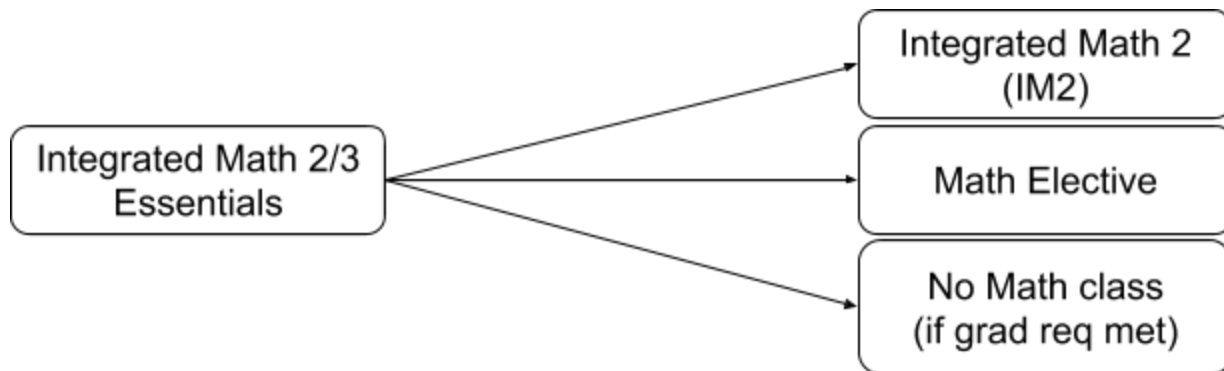

- With A or B grade in IM1H, we recommend enrollment in IM2H.
- With C grade in IM1H, we recommend enrollment in IM2.
- With D grade in IM1H, we strongly recommend enrollment in IM2 (or repeat of IM1H).
- With F grade in IM1H, mandatory repeat of IM1H (or IM1, but won't replace IM1H grade).

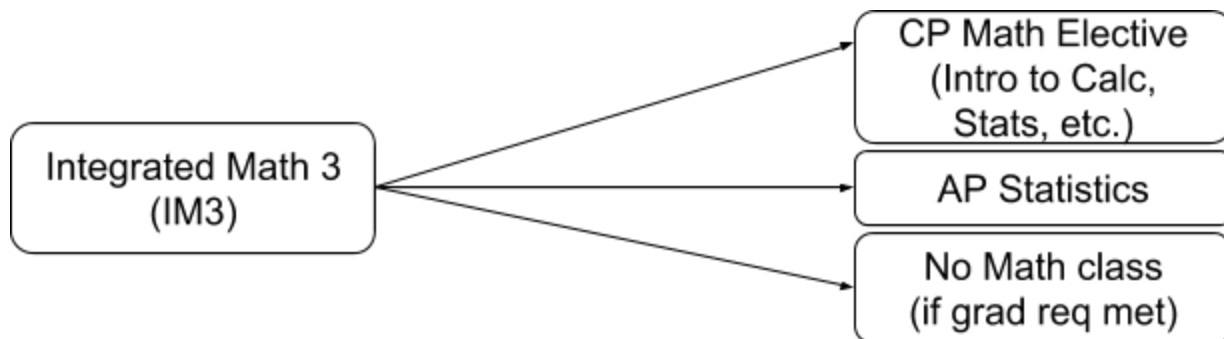

- With an A grade in IM2, we recommend enrollment in IM3. If IM3H is a consideration, we strongly recommend consultation among IM2 teachers, family, & counselor before course selection. Test average data should be strongly considered in this consultation.
- Any student wishing to move from IM2 to IM3H must pass the summer bridge.
- With B or C grade in IM2, we recommend enrollment in IM3.
- With D grade in IM2, we recommend IM2 repeat, IM2/3 Essentials (Juniors only), or Business Math (Seniors only).
- With F grade, we recommend IM2 repeat, IM2/3 Essentials (Juniors only), or Business Math (Seniors only).

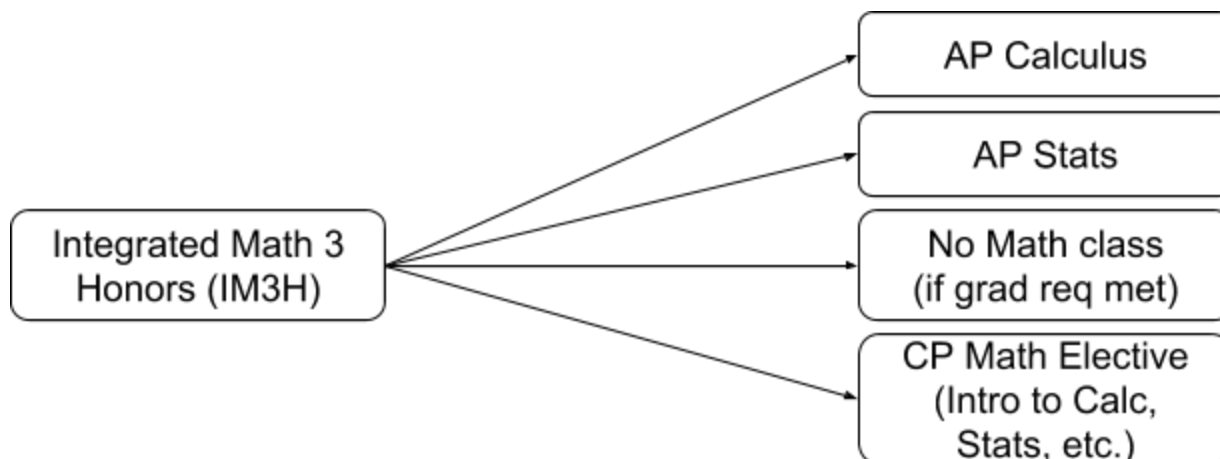

- With A or B grade in IM2H, we recommend enrollment in IM3H.
- With C grade in IM2H, we recommend enrollment in IM3.
- With D grade in IM2H, we strongly recommend enrollment in IM3.
- With F grade in IM2H, mandatory repeat of IM2H (or IM2, but won't replace IM2H grade).

- With A, B, or C in IM2/3 Essentials, we recommend enrollment in IM2, Business Math (Seniors only) or other Math Elective.
- With D/F in IM2/3 Essentials, we recommend enrollment in Business Math (Seniors only).
- If graduation credits are met, no math is required in subsequent year.
- If student previously passed IM2 & passes IM2/3 Essentials, then eligible for IM3.

- With A, B, C in IM3, we recommend enrollment in a College Prep Math Elective (Intro to Calc/Stats/AP Stats, etc.)
- Seniors may enroll in Business Math.
- If graduation credits are met, no math is required in subsequent year.

- With A or B in IM3H, we recommend enrollment in AP Calc, AP Stats, or other math elective.
- With C in IM3H, we recommend enrollment in a College Prep Math Elective such as Intro to Calc, Statistics, etc. We do not recommend enrollment in an AP math course.
- With D or F in IM3H, we recommend repeat of IM3H or Business Math (Seniors only).
- If graduation credits are met, no math is required in subsequent year.
