

2019 PTMS Digital Citizenship Plan

Implementation Plan: Students in each grade (7th and 8th) will receive 6 hours of instruction per year covering digital literacy and citizenship skills. There will be 6 different lessons that are each about an hour in length at each grade level. During the course of their middle school career, all students will receive lessons covering all of the CIPA-required topics (appropriate online behavior, safety and privacy, and cyberbullying).

Digital Citizenship Day: Monday, October 21, 2019

Grade	Department	Lesson	Digital Literacy and Citizenship Topics
