

Dear Students,

The San Dieguito Union High School District and your school cares about the safety, development, and well-being of all students. The teachers and administrators at your school have been busy over the summer preparing resources and activities to promote student social-emotional learning as well as help students to build positive relationships with their teachers and peers.

Your teachers and administrators want to know how to best support you as we start a new and unique school year on August 25. Your voice is important and we want to know how we can best support you.

Please take a few minutes to complete a quick survey to give us feedback on how things are going for you. We ask that you please answer honestly. We will use the results to provide targeted support and develop programs to help our students learn and feel better about their experiences in school.

While we encourage you to take the survey, ***it is voluntary, and choosing not to participate will not impact any student's academic status or access to services.***

To access the survey you will need to input your student identification number. If you need help finding your student ID number, please access the Aeries portal account to view the information. It is important that this number is accurate to provide you with accurate survey results. If you need assistance, please send an email to [info@sduhsd.net](mailto:info@sduhsd.net).

Please click on your school site to access your survey.
