

COVID-19 QUARANTINE OVERVIEW-CLOSE CONTACTS

Based on the guidance from the California Department of Public Health there are different types of quarantine available for close contacts that occur in a school setting. **The situations below are for asymptomatic close-contact individuals only.**

This document is based upon, not intended to replace, the [SDCOE Decision Tree](#)

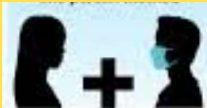

Fully Vaccinated or COVID+ in last 90 days (Regardless of location or masking):

No quarantine required if asymptomatic. Recommend testing on Day 3, 4, or 5. (school will need evidence of vaccination or diagnosis)

Close Contact-On School Site, but both parties not wearing masks

Option 1: Day 8 Return Provide evidence of a negative COVID test taken on or after Day 6 and not participate in any program or activity outside of the regular school day, on campus, or in a community setting, through Day 10. Must continue daily self-monitoring for symptoms, wearing a mask indoors, and avoiding crowds through Day 14.

Option 2: Day 11 Return Testing on or after Day 5 is recommended but not required. Must continue daily self-monitoring for symptoms, wearing a mask indoors, and avoiding crowds through Day 14.

Option 3: Day 15 Return No additional requirements. Testing on or after Day 5 is recommended.

Close Contact-On School Site, both parties wearing masks

Option 1: Modified Quarantine-Stay in School Must undergo twice weekly testing (each test at least 3 days apart), provide evidence of each negative test promptly, and not participate in any program or activity outside of the regular school day, on campus, or in a community setting, through Day 10. Must continue daily self-monitoring for symptoms, wearing a mask indoors, and avoiding crowds through Day 14.

Option 2: Day 8 Return Provide evidence of a negative COVID test taken on or after Day 6 and not participate in any program or activity outside of the regular school day, on campus, or in a community setting, through Day 10. Must continue daily self-monitoring for symptoms, wearing a mask indoors, and avoiding crowds through Day 14.

Option 3: Day 11 Return Testing on or after Day 5 is recommended but not required. Must continue daily self-monitoring for symptoms, wearing a mask indoors, and avoiding crowds through Day 14.

Option 4: Day 15 Return No additional requirements. Testing on or after Day 5 is recommended.

Close Contact-Off School Site (Masked or Unmasked)

Day 15 Return No additional requirements. Testing on or after Day 5 is recommended.
