School Climate Survey

To better understand student experiences, Pacific Trails Middle School is offering this brief student survey.

The survey is **anonymous and confidential**; no one will ever be able to connect a student with their answers, and they are private. The survey is **voluntary** - You do not have to participate, but your answers will be very helpful in improving school programs by informing us of student perspectives.

*If you need any individual help, please do not use this survey and instead contact a staff member.
