Students from CCA are hosting free online programming courses and camps for middle school students in May and over the summer! These typically consist of 1-hour sessions 2-3 times per week, and provide a certificate upon completion. No experience is required, and they're always looking for interested students! More information is on their [flyer](#) attached below as well as their website, [NexStudent Network](#), check it out! Enroll [here](#) or through their flyer or website."
